

CPS[®]

CPS Automotive

PRO-SET SERIES

The CPS ProSet134 is designed to give airconditioning repairers all the functions necessary to perform service on R134A airconditioning systems like a professional. The simple and easy to use menu, the 100l/m pump and 12kg cylinder, coupled with its compact design for ease of use in the busy workshop, make it the ideal solution for maintenance and repairs of passenger and light commercial vehicles.
