HD 302 BUS SERIES

The CPS HD302 BUS series are fully automatic and come in both R134 and R1234y models.

This series is designed for virtually all heavy duty applications with a robust structure, 35kg tank, 20cc compressor and 200 l/m vacuum pump.

The HD302 BUS comes fully featured including performance analysis checking and is ideal for bus/coach applications where larger refrigerant bottle capacity is required.

This unit comes standard with Bluetooth and the Oksygen+ app.
